AMOR RIVER PRIVET
(LIGUSTRUM AMURENSIS)
THE ONE HARDY PRIVET

AURORA GROWN MEANS
WELL GROWN

FOREWORD

Read Every Word of This

We wish at this time to thank our customers for their liberal orders during the year 1915. This year brings us into the twelfth year of the continuous operation of this establishment. In these twelve years we have grown from a very small nursery until now we are shipping goods into almost every state. When we adopted the slogan, **GROWN RIGHT—DUG RIGHT—PACKED RIGHT**, it did not take very long for our customers to report that the stock was grown right and that we had secured the roots when digging. It took us several years to find out how best to pack right, and in confirmation of the fact that our stock is packed right we wish you might read the numerous letters we have received from individuals, florists, nurserymen and others telling us that the stock arrived in splendid condition and with the best of packing. We can now truthfully and honestly say to you that **Aurora Grown Means Well Grown**, and that Aurora Nurseries products are **GROWN RIGHT—DUG RIGHT—PACKED RIGHT**.

Our Methods. We do not claim to be perfection; we make mistakes just the same as anybody else will do. We do maintain, however that if anything is not right we will make it right. All we ask is that our customers treat us just as honestly as we treat them. If you are not on the square do not waste your time and ours by sending to us for nursery stock unless you send the money with the order. If you are square and you can bear investigation we will give you time.

Prices. The prices made are on a basis as indicated in this list. Five plants will be furnished at the rate per ten; twenty-five at the rate per hundred. Should your order amount to \$25.00 or more figure everything at the rate per hundred except that five of each variety must be selected in order to obtain this rate.

Packing. The prices in this list do not include the cost of packing, such as boxes or bales which will be charged at approximate cost. Please bear this in mind. We deliver to railroad or express office free.

Location. The Nurseries are located in Northern Illinois, 37 miles west of Chicago at Aurora, on the main line of the C., B. & Q. R. R., the Outer

Belt Line of the City of Chicago, which passes through Aurora, connects us with all the trunk lines entering Chicago. Shipments made from Aurora to any point will arrive with promptness and despatch.

Shipping. Please give plain and explicit shipping instructions as to how you wish your stock shipped, otherwise we will ship as in our judgment we deem best. State whether we shall ship by freight or express, and give us the name of the railroad. Our responsibility ceases on delivery at the railroad station or express office.

Terms. Terms of payment are regular to responsible individuals and firms. Parties not having had dealings with us please submit references.

Norway Maple.

Ornamental Trees

ACER (Maple).
